Supreme Lord Sriman Narayana manifested himself as "**Sri Koorathazhwan**" in the village "Kooram", in the "Saumya" year (1010.A.D), in the month of "Pushya", under the asterism "Hastha". Our tongues cannot sing the glory of Azhwan, who is the foremost disciple of "**Sri Ramanuja**". Azhwan, who is beyond the reach of three impediments viz., pride of family, pride of pelf and pride of erudition sacrificed his darshana (eyes) for the sake of darshana (Sri Ramanuja's Philosophy). The secret teachings of Upanishads has been brought to light through his composition "**Panchastavam**". He is the one who always lived and proved that Acharya's (Sri Ramanuja's) lotus feet is the destiny for everyone. Azhwan of such a glory will be completing the 1000th year of his advent in this world on 3rd **February 2010** (i.e. in the tamil year "Virodhi" in the month of "Thai"). All of us have now obtained a wonderful opportunity to celebrate this great event in a grand manner. Accordingly, the following programmes are being drawn through the 1000th year committee.
